Reform Agenda Snapshot

(up to June '26)

Kosovo

Semester funding
potential: **€175M***

Key Findings:

7 of 13 reforms reported completed

50% implementation for June 2025
steps, grace-period deadline
passed, pending EC verification

Political instability continues to stall reforms

Government and Assembly held full
mandates for only 76 days in 2026

€165.9 million linked to year-end deadlines

27 reform steps face expiring grace
periods in December 2026

Growing risk of financial losses

Potential cumulative losses of at
least €140 million by end-2026

Legislative reforms remain blocked

Political paralysis prevents adoption
of laws, strategies and policies

EU integration credibility at risk

Slow reform implementation raises
concerns over institutional
readiness

Key Recommendations:

Make RA implementation a political priority

Secure cross-party commitment to
accelerate reforms

Establish an inter-institutional task force

Coordinate implementation through
weekly meetings and ministry focal points

Prioritise reforms facing December deadlines

Complete outstanding 2024 and 2025
steps to safeguard funding

Ensure meaningful civil society participation

Include CSOs in reform consultations
and implementation discussions

*for more details check out our reform monitor updates

* The total semester funding potential represents the expected disbursements for reforms due in June 2026
